EXHIBIT D

GSRMA Insurance Requirements for Professional Services

Construction Project Coordinator Request for Proposals

The accompanying three-page GSRMA document, titled “Exhibit 2: Insurance Requirements for Professional Services,” is incorporated as RFP Exhibit D without modification to its insurance terms.

Proposers should review the full GSRMA document, including required limits, endorsements, additional-insured provisions, verification of coverage, and subcontractor requirements. Insurance documentation will be required as specified in the RFP and the Professional Services Agreement.

For clarity: “Exhibit 2” is the title on GSRMA’s source document. “Exhibit D” is its designation within this RFP. The Professional Services Agreement in RFP Exhibit C also contains its own internal insurance exhibit; those internal contract exhibit labels are separate from the RFP exhibit numbering.

Attachment: GSRMA Exhibit 2 — Insurance Requirements for Professional Services (3 pages).
